

DO YOU WANT A PLANNED PARENTHOOD IN *YOUR* NEIGHBORHOOD?

We are **Students for Life of America** who attend Monroe Community College or reside in Rochester.

We oppose assuming that because we are college students, we 'need' the services of Planned Parenthood.

We are here to say we do NOT want to kill our children prior to birth.

Make no mistake about it:

We will be swarming the Town of Brighton to protect mothers and their children from abortion.

We will be standing with sidewalk advocates at this new facility to offer REAL help to pregnant women.

You don't have to be against abortion. There is a reason why Greece pushed out Planned Parenthood: Protesters, security and police officers, and extra funding for traffic patrol.

Tell the Brighton Town Board
Say NO to Planned Parenthood
Say YES to Life
